My dear Mr. Newman:-

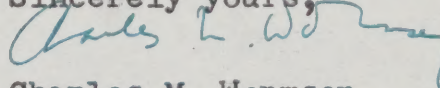

Mrs. John Hall Allen has been good enough to forward your letter of the 29th ult. to us for reply.

At the moment we have not uncovered the token to which you refer, but I must also advise you that should we, in the near future, we would first have to contact one of our customers who has already indicated an interest in this piece.

However, should he fail to purchase the item, we will certainly let you know.

With very best personal regards,

Sincerely yours,

Charles M. Wormser
President
